www.myflyshop.com

Dear Customer,

THANK YOU to all of you for being a part of the M&Y family—MERRY CHRISTMAS! May the new year bring you new fishing adventures and stories so good that they don't need any exaggerations as you share them for years to come. Another great year for our business—busy, busy, busy. It appears all things outdoor related have boomed—with most of us electing to stay close to home (somewhat forced to) and spend our holidays, and holiday money, here in British Columbia. Thank you so much for spending a few of those dollars here at M&Y—You are very much appreciated.

Another year without our annual Customer Appreciation shindig—large crowds and small spaces (sadly—we do not think we are there yet). So, once again we are going to take the money we would have spent on beverages and appetizers and spend it some great prizes to create a thank-you raffle that will run throughout December. We will have weekly draws starting Tuesday December 17, 24, 31. For the first two weeks we will draw two prizes each week—week one: winners choice of Rio or SA fly line & a 3 pack of leaders and tippet to match; week two Dragonfly Kamloops 10' 4 piece fly rods (4, 5, or 6 weight), and the grand prize draw on December 31st winner's choice (3 options) of either Loop Q combo 8132-4 rod, reel, spey line and sink tips (\$750 value), or Renzetti Traveler and Fly Tying Tool Kit with \$100 in tying materials (\$550 value), or \$400.00 in flies.

We have dearly missed hosting our annual SPEY DAY the last two years and haven't quite wrapped our heads around Spring 2022 and the event parameters we may have to follow. Our hope is to at least have a gathering where we can all play with our spey rods and lines. Join our e-mail list for updates (send an e-mail to sales@myflyshop.com and ask to join our mailing list or sign up on our website).

It sounds like Kiritimati, Christmas Island, will open in the latter half of 2022. We have a trip booked for November. At this time we have a long list of excited fly-fishers that are interested. If you would like to add your name to the wait list please let us know. Currently we have no idea what travel (and return travel) requirements will look like, and many potential fishers may be limited by both time and financial factors that are beyond our control.

It is hard to reflect on the past year of fishing and find abounding joy and good news. There were some wonderful fishing trips amidst the borderline Armageddon as between travel restrictions, the infamous heat dome and ensuing forest fires, poor returns, closures of world class fisheries, and finally floods—it was not easy to find a holiday window where one could go and relax without some of the stress of 2021 in the background. We don't want to dwell on these matters as we are supposed to be celebrating Christmas and finding happy places. One thing we would like to say is please DO WHATEVER YOU CAN to not let our Anadromous fish and fisheries disappear under our watch... In particular we need to save the wild steelhead: First it was the Thompson and this year the Skeena numbers unexpectedly plummeted leaving us all numb and dumb-founded. Please Get involved (mentally, physically, emotionally and MONETARILY). Find a local hatchery, fishing club, non-profit organization and or guide association that is active in their fishing community, and join in and do what you can as every bit helps and we all need to be foot soldiers on this matter. Seek knowledge—as a whole we do not know the questions let alone the answers. If you would like some more direction with possible places to invest please email us. And please approach these issues and all of the groups involved with kindness and an open mind. We need to also ensure that our politicians pay more than lip service and let them know loud and clear that this is a huge issue, right up there with the climate change.

2021 brought a bit more turnover in our staff—we are sad to see Lawrence travel on to new adventures and thankful for his years of service; Bob and James have joined our Vancouver team and bring some fresh excitement and passion to our shop; Aaron Goodis is back to a regular schedule and we are stoked to have him around more often.

We have been forewarned (and most of you have probably been effected) that shipping timelines and production are going to get worse, not better, in the short term. If we do not have what you are looking for in stock or already on order for next year, it will take sometime to get.—For example many US made fly rods and reels are 2-6 plus months out on new orders, Simms boots and jackets are next summer, and Outcast boats are almost one year behind. We have no choice but to buckle up and see where this goes.

NEW PRODUCTS and highlights for this winter and upcoming year. RODS Thomas & Thomas—we love Thomas & Thomas! Incredible performance and remarkable aesthetics; and are stoked for the ZONE a USA made fly rod with T&T appeal at \$700; Winston has extended the models offered in their exceptional AIR 2 series to include 9'6" 4, 5, and 6 weights; G. Loomis has added a few pieces to the IMX-PRO series—a Euro Nymph, Creek (dry fly) and Swim-Fly (Streamer); Sage brought their new Euro Stick the SENSE to the table as well as less expensive TROUT SPEY G5; Hardy has a stellar line up of new ULTRALITE NXS DOUBLE HANDED fly rods utilizing their incredible SINTRIX NSX Technology; Waterworks Lamson has introduced some killer sticks in the \$5-600 price range: PURIST, VELOCITY, and COBALT. REELS: Hatch's late summer release of their new ICONIC series brings improvements to already bulletproof reels; Bauer has extended the RVR line and will have a BLACK/SILVER colour added to the mix. FLYLINES: not much here except a few new tapers added to the line up or RIO's ELITE and PREMIER SlickCast series including XTREME INDICATOR.

A PDF version of this flyer is posted on our website. This years sale flyer is packed with amazing deals on new and used items. If you see anything you like contact us quickly before it's gone. When it comes to clothing and fly lines we have much more than we can print here so please email or call and we would be happy to e-mail a list. Call toll free at (800) 663-6407, direct: (604)588-2833, e-mail info@myflyshop.com, or visit www.myflyshop.com for more information.

*Warmest holiday wishes from Dave, Ryan, Tim, Catherine, Pierre,
Sid, both Aarons, Matt, James, Todd, & Bob*

New & Coming Soon To A Fly Shop Near You

HATCH ICONIC

The same "Iconic" look that distinguishes Hatch reels from the rest with some big improvements (pretty hard to improve the old one but they did)! Improved sealing, stability, and drag material. New spool design, spool retaining nut, handle and counterweight.

10 sizes from 3Plus to 11Plus

From \$670.00

PATAGONIA STEALTH PACKS

THE NEW STEALTH LINE-UP OF FISHING PACKS ARE WATER RESISTANT, ERGONOMIC, LIGHTWEIGHT, BODY CONFORMING, AND AWESOME.

STEALTH PACK 30L—\$225

STEALTH SLING 10L—\$199

STEALTH HIP PACK 11L—\$199

To commemorate their 150 year Anniversary Hardy has brought back a CLASSIC the 1970 edition LIGHT-WEIGHT series reels. The names that I grew up on—Featherweight, Flyweight, LRH Lightweight, Princess, St. Aiden, and St. Andrew. From \$

HARDY

The Ultralite NSX Two Handed series utilizing the exceptional new NSX Sintrix technology Hardy has introduced a full line up of new two handed rods—17 models from 3 weight to 11/12 weight. From \$

R.L. Winston

The amazing AIR 2 has 3 new 9'6" models! These rods can do anything – present tiny dry flies to wary trout on flat water, cast a heavy streamer to the far bank in the wind, launch the entire line when you need it, and make quick, accurate close-range shots. Coming early 2022.

4, 5, and 6 weights—\$1395.00

WATERWORKS LAMSON

PURIST - \$499 Purpose-built for technical fly fishing; for accuracy and finesse, for long leaders and small flies. From its 2 piece construction to the light and spare hardware specification, everything about Purist is focused on reducing upper section weight to enhance energy delivery, recovery, feedback, and feel.

VELOCITY - \$499 If Speed is what you need...point and shoot, fast and furious, lifting power and laser loops.

COBALT - \$599 built on a hyper-fast blank crafted to deliver blistering line speed and wind conquering loops, with enough flex in the tip and mid-section to allow you feel the action load but plenty of muscle down deep to pick up that 70 feet of line for a quick re-cast.

BAUER RVR Reels

How would one define smooth, reliable, craftsmanship, balance and a true work of art in one word? RVR!

5 models: 2/3, 4/5, 5/6, EN(Euro Nymph), and MS (Micro Spey)

From \$889.00
