www.myflyshop.com

Dear Customer,

Another year and another letter from the M&Y team. Again THANK YOU for being a part of our family—MERRY CHRISTMAS and HAPPY NEW YEAR! Thanks again to all of you that have supported us with your business and helped us have another great year.

Our annual Customer Appreciation Christmas Party is back!!! Sunday December 11th at our Surrey location from 3-7pm. Come early for the release of Art Lingren's newest book "A Steelheader's Journey 60 Years, Over 60 Rivers." Art wrote this book to celebrate his 80th birthday and he will be here for a book signing starting at 1pm. This year our friends at CAMP Beer Co. in Langley are hooking us up with some amazing cold beverages to share.

The wait is over SPEY DAY is back. We haven't quite fixed the place for our 2023 SPEY CLAVE—but we will be having one on the April first weekend (no fooling). Follow us on Instagram and Facebook, and join our e-mail list for updates (send an e-mail to sales@myflyshop.com and ask to join our mailing list or sign up on our website). We have dearly missed hosting our annual SPEY DAY the last three years and are stoked to make it happen.

It sounds like Kiritimati, Christmas Island, will open at the end of January 2023. This amazing place has not seen any fishing pressure since February 2020. The fishing will be EPIC. We have a trip booked for March 14th and there are still a few spots available. At this time vaccines and PCR tests will be mandatory to enter the Republic of Kiritimati. There are some weeks locked up in both January and November 2024 as well.

Have you ever fantasized about waking up on the flats with permit, tarpon, bonefish, snook, and more in casting range? November 2023 we are hosting a live-aboard adventure to the Canerreos Archipelago in Cuba. This all inclusive trip includes reception in Havana airport - Transfer Havana/Canarreos/Havana (1 GROUP transfer per way) - 7 nights on the yacht Avalon 1, 6 days on full board basis, 6 full days fishing 2 anglers per skiff and guide - Open Bar with Beer, Wine, Rum, Soft drinks and Water. Need I say more? Call or email for more information.

2022 fishing adventures in a nutshell—All in all a vast improvement over the Armageddon of 2021... No insane fires burning up communities and closing highways; followed by floods reminiscent of Noah's Ark, cutting the Fraser Valley off from the rest of the province! Putting it that way almost anything would have been an improvement. The spring was a slow bloomer with temperatures staying cool prolonging the spring hatch cycles and extending the Stillwater early season well into the summer. To add to that we had some of the warmest and driest fall weather I can remember which extended our Stillwater season, and T-shirt weather, well into the late Fall. Steelhead returns to the Skeena and Nass were not amazing, but were so much better than 2021, they brought hope and many tight lines. Our biggest downer was the closure of the Skagit Valley Provincial Park due to severe road washouts. We are skeptical, and hopeful, that the valley will be accessible in the upcoming summer. The Thompson steelhead runs are still very disappointing and remain as very sad reminders of how quickly we can lose an amazing, world class, fishery. Please continue to DO WHATEVER YOU CAN to educate yourselves, get involved (mentally, physically, emotionally and MONETARILY). Find a local hatchery, fishing club, non-profit organization and/or guide association that is active in their fishing community, and join in as every little bit helps. We all need to be foot soldiers on this matter. Seek knowledge—as a whole we do not know the questions let alone the answers. And please remember to approach these issues and all of the groups involved with kindness and an open mind.

Our Surrey location is stoked to have Catherine come on board full time. If you have not yet had the opportunity to meet and or talk to her, she can be found in wonderful Whalley, happy to help you gear up with knowledge and awesome fishing tackle. There are a few other new faces to mention here—Grahame and John at our Broadway location and Mike in Surrey, awesome people with knowledge to share and friendly faces.

Inflation... ugh. I am sure you have all felt it and noticed it on your gas and grocery bills. Many of our suppliers have had (this fall), and will have (this spring) price increases. Add the fact that our Canadian dollar is not as strong currently as it has been and you will be seeing some price increases. Supply chain has not really improved with new stock and repairs taking more than twice as long as they have historically. Our stock levels are high though so we should have something that you "need"!

NEW PRODUCTS and highlights for this winter and upcoming year. With price increases and supply chain issues, our suppliers have been gentle with new releases. This is a blessing for our inventory (but not really that exciting for you). There are a few new toys in store and upcoming though. RODS Scott has released a new all purpose, fast action series called the WAVE replacing both the TIDAL and the FLEX, highlighted last year but not available until late this fall. G. Loomis has added a few pieces to the IMX -PRO series—a Euro Nymph, Creek (dry fly) and Swim-Fly (Streamer); Sage has some exciting news launching soon; Hardy has improved their mid priced series with the full line up of AYDON single, switch, spey and travel rods. REELS: Nautilus has improved the NV-G series with their new GTX, GTR, and GTS series reels. These will be available early in the new year; Hardy has extended the model range in the 1939 Gunmetal grey BOUGLE reels and has a new FORTUNA REGENT built to exceed the expectation of competitive saltwater anglers. FLYLINES: Scientific Angler has added the MPX taper to the Amplitude SMOOTH series; we are very happy to stock BRIDGE spey lines designed by our very own "Timmy".

A PDF version of this flyer is posted on our website. This years sale flyer is packed with amazing deals on new and used items. If you see anything you like contact us quickly before it's gone. When it comes to clothing and fly lines we have much more than we can print here so please visit the Clearance section on our website to browse. Call toll free at (800) 663-6407, direct: (604)588-2833, e-mail info@myflyshop.com, or visit www.myflyshop.com for more information.

Warmest holiday wishes from Dave, Ryan, Tim, Catherine, Aaron, Todd, Grahame, Mike & John
